Leadership Bozeman is a fantastic program, providing participants with many opportunities to help strengthen their careers, build their network and strengthen their awareness about our community. Leadership Bozeman provides the opportunity to meet and discuss with leaders from our community and the opportunity to connect with other professionals that are shaping the future of our community. The program provides the opportunity to learn about our community, learn from our leaders and learn from the other participants. It provides the opportunity to create new friendships and discover areas within our community where we can give back to help support our community for a bright future.
